## Goodbye smudge...

and welcome to the world of Clear! Clearlens is a family run business that has been proudly winning the battle against smears and serving the optical & promotional industry for over two decades. Clearlens continues to be a leader in all things optical and microfiber. Our mission at Clearlens has always been the same: customer service beyond expectations and over-deliver with the highest quality of goods.

Join the Clearlens family today and we promise to earn your business for life.

Don't smudge all things, clean all things with Clearlens!

Christina Kim  
CMO | Clearlens

## Dedicated to Quality.

Not all microfiber is equal. At *Clearlens*, we always use the finest quality microfiber available. We continuously research the latest in microfiber technology, and are always one step ahead of the competition.

Quality down to the fiber. These microscopic photos show the consistencies in our microfiber as well as size. Our microfiber synthetic polymers are much longer and thinner than what you will find in cellulose fibers for maximum binding.
